

Crazy Jump'n'Run  
Team Tactic Shooter

## Snow Fight

Two teams of kids playing team deathmatch, capture the flag or king of the hill on a lovely winter day.

You pick up snow and make **snowballs** to attack the other kids.

Continuous combatting at the same position will make you **run out of snow**  
(-> No entrenching!)

If a ball of snow reaches a certain size, it can be transformed into a **special weapon!**

You can combine three snowballs to form a big ball of snow and have it **roll over** enemies.
